

Installation Notes

- 01. Allow a 25cm gap for installation of a decorative cornice.
- 02. The alcove will concave into the wall & be the same height as the door. The pedestal will be 100cm high & have a groove the same height & depth as the panels in the corridor. The skirting for the pedestal will be 10cm.
- 03. The doors will be 245cm high x 75cm wide. The architrave will be 7cm wide of simple square design.
- 04. Tinted mirrors will surround the arch & be the same height as the panels in the corridor. The mirrors will be held by wooden reveals.
- 05. The panels will be MDF 40cm high with a 1cm gap between each panel which will be 0.5cm deep.
- 06. The invisible doors will be made of MDF & have no architrave. A 1cm gap will surround the 750cm wide door x 245cm high.
- 07. Pillars will extrude from the panels to create a feature for lighting 22cm wide & create character.
- 08. The front door will have 60cm pillars extruding 5cm to create a feature for lighting & to frame the door.
